ESTHER OKADA ART GALLERY

Esther Okada Art Gallery is pleased to present a group exhibition by Wang Lu, Wu Yang, and Lin Yuhan from June 4 to June 18, 2022. It is their first attempt to exhibit together in a group show. The show is titled "Between In and Out" and it consists of photography and installation.

Between In and Out

When a sudden event occurs in our highly globalized world, sometimes it feels like the overflow of information blurs the event. This kind of opaqueness is one of the characteristics in our information society. The overflow of information influences each individual only when it merges with the individual's own memories. This process makes us feel as if we are drifting between our in(side) and out(side). When looking at photographs, there are often clear parts and blurred parts and it reminds of the status of being adrift between in and out. In this group exhibition, the artists attempt to show this particular status from 3 different perspectives.
